To All at Stage Two Downham

Just a very brief note, to say thank you so very much for inviting me to see your production of *Wait Until Dark*. My very warmest congratulations to everyone connected with this production - which was simply wonderful. Your talented cast kept the entire audience gripped from beginning to end - which in itself is no mean feat with a 2 hour plus run-time. The tension was palpable and the gasp when Roat crawled out of the bedroom in the later part gave some indication of just how engrossed everyone was - many, many congratulations.

The set and costumes were excellent and, with apologies to the rest of the cast, a special mention to Rebecca Taylor who took a great part and it is SO wonderful to see young people in a straight drama and away from school. So, thank you stage 2 for giving her the opportunity and encouragement.

Thank you again, so much, for the invitation, and for such a very an enjoyable evening, and long, long may you continue to enjoy and promote with our wonderful hobby. Thank you once more!
